Facilities Developed During the Last Six Months

During the last six months, Lzebra Girls College, Kota has undertaken several significant initiatives aimed at strengthening institutional infrastructure and enhancing the overall learning environment. The following facilities have been created and upgraded as part of the continuous development process of the institution:

1. Academic infrastructure

- The college campus has been equipped with internet facilities to support academic activities.
- Laboratory facilities in the Science Department have been upgraded with new equipment.
- A multipurpose hall has been equipped with a projector and internet-enabled facilities to facilitate teaching and learning activities.

2. Library enhancement

- Procurement of library software and internet facilities, including access to DELNET, has been completed.
- Library facilities have been improved to ensure wider academic coverage and enhanced support for students and faculty.

3. ICT Facilities

- The IT Lab has been equipped with a smart board and internet connectivity.
- High-speed internet connectivity has been upgraded across the campus.

4. Student Support and Welfare Facilities

- Planning and implementation of student enrichment courses have been undertaken for overall student development.
- Health and hygiene facilities have been strengthened, including the provision of clean drinking water and proper sanitation.

5. Administrative and Physical Infrastructure

- Staff rooms and administrative offices have been renovated to improve efficiency and record management.
- The campus surroundings have been beautified to create a better and more conducive environment.
- A generator has been installed to ensure uninterrupted (24-hour) electricity supply within the institution.

These initiatives reflect the college's commitment to creating a conducive academic atmosphere and promoting the holistic development of both students and faculty members.

This note is issued with the approval of the undersigned.
